

## CALLING ALL KASC PARENTS!

### THE CLUB NEEDS YOU...

**In light of recent developments, the club is looking to expand our voluntary group.**

We have asked for more volunteers in the past and have always had a good response. However, this time we are being more specific in what we are looking for.

Moving forwards, we are looking for two main areas of support:

- Team Managers for support at meets and time trials
- Coaches / Pool lane helpers for support at training (and at competitions where available / as required)

Team Managers support the coaches at meets, helping to organise the swimmers. You will need to go through a Disclosure Scotland check (via the club – required even if you have a current and valid Disclosure) and it is recommended that a CPD course through Scottish Swimming is eventually undertaken (the Level 1 course which is suitable lasts 3 hours) [the Level 2 course is suitable for travel on camps, and camps abroad, and lasts a further 3 hours]. The club can arrange these CPD courses as required.

The committee is currently reviewing our coaching structure and we do believe that the team will require support moving forwards. We have lots of supportive parents throughout the club, some with a background in swimming. We are aware that being on poolside can be a potentially daunting environment for anyone new to it; however we are keen to encourage anyone with an inkling of helping to come forward. Having a background in swimming is not a requirement, only that you are interested in helping out – the club (and current coaches) would be delighted to support anyone who comes forward to assist. Ideally, we would look for anyone coming forward to help on poolside to undertake a Level 1 Teaching course when possible (the club is running one from mid-August). A Disclosure Scotland check is also required.

**Anyone willing to help out in the areas outlined above please email us at [killieasc@yahoo.co.uk](mailto:killieasc@yahoo.co.uk) or speak to one of our committee members. The committee will then be in touch in due course with next steps.**

**We look forward to hearing from you! 😊**
